

**CHAMPION
TOOL HIRE**

PRODUCT HANDBOOK AND PRICE LIST

Champion Tool Hire is Basingstoke's leading independent name in tool hire and sales having traded for 20 years as Martins Tool Hire.

We offer a 'one stop shop' for all your plant and tool requirements including a delivery and collection service, a fully stocked shop and a quality service and repairs centre.

We know that the secret to plant and tool hire is based on three core values;

QUALITY - We are constantly renewing, improving and adding to our hire fleet to ensure that we offer the highest possible quality of machine at all times.

VALUE - We are confident that our pricing is both competitive and fair. Our list prices do not differ between the trade and the public, making Champion Tool Hire the perfect choice for the seasoned pro or the DIY enthusiast. Our price match promise means we will match any like-for-like quotation on plant and tool hire.

SERVICE - From behind the counter in the depot to the drivers out on site we promise friendly, reliable and knowledgeable service ensuring you get the right tool for the right price at the right time. We also offer a guaranteed next day local delivery (within 20 miles of our depot) on all hire and sales items for orders placed before 4pm.

WHAT HIRE PERIODS ARE AVAILABLE?

Most products can be hired by the day or the week. Definitions are as follows:

- Minimum hire* - Duration of 4 hours. Must be either a morning or afternoon.
- One day - Any period not exceeding 24 hours.
- A weekend** - From 08:00 Saturday to 09:00 on the following Monday. If available equipment can be collected late on Friday afternoon.
- Week - Any period of seven consecutive days, expiring at close of business on the seventh day, i.e. one week hire commencing on a Tuesday terminates at close of business on the following Monday.

* Delivery/Collection is not available with the minimum hire period.

** The weekend cannot be combined with adjacent days e.g. Friday to Sunday is charged as 3 days.

TOOL HIRE**

ACCOUNT CUSTOMERS

Opening an account with Champion Tool Hire offers you numerous benefits. Not only does it give you the added flexibility of our generous credit terms to manage your finances, it also puts you in the position to benefit from our trade only offers. We are also proud to reward loyal trade account customers with discounted hire rates dependent on level of spend. Opening a credit account could not be easier. Application forms can be downloaded from our website or collected in store. Once completed, account applications are usually processed and up and running within a week.

NON-ACCOUNT CUSTOMERS

We welcome both trade and domestic customers at Champion Tool Hire and are happy to offer our services to those without a trade account. You will not pay any different amount from the list prices detailed in this book.

Our requirements for non account customers are simple:

- 2 forms of ID (one photo and one proof of address]
- Vehicle registration number
- Any relevant competency certificates.

We also require a deposit which is taken from you at point of hire and is based on the weekly hire rate and/or value of the machine in question. These are taken as card pre-authorisations, we do not accept cash deposits.

For more information call us today on 01256 819113.

Full details of our terms and conditions are available on our website.

HIRE INSURANCE

Why have the worry of insuring the equipment against loss or damage whilst you have it on hire? We offer a generous hire insurance for all hires where the individual does not have the relevant insurance for the machinery in question.

With us it's simple, Champion Tool Hire will insure the equipment for the full duration of the hire period against loss, accidental damage and theft. A charge is levied against the contract up to the value of 10% of the hire charge. It's a small price to pay for peace of mind.

More information on hire insurance, including where you can source your own and more details on the levels of cover are available on our website championtoolhire.co.uk

SERVICE

We're used to looking after our plant and machinery. The question is are you? The most common cause of on-site breakdowns and non-starting equipment is a poor service history. Our experienced and dedicated team of fitters are trained in electrical testing and calibration and have expertise in working on all of the common pieces of plant and machinery.

Common plant and machinery have never been more expensive to purchase, and it's crucial that you look after your equipment in the current market.

At Champion Tool Hire, we are perfectly geared up to help you do this. Whether you are a company with numerous plant and machinery items and you need a dedicated service program to outsource your maintenance, or you are a sole trader who w are the place for you.

FLEET MANAGEMENT

Our unique fleet management package will service and repair your fleet, record the work that has been completed, schedule your services to the required legislative period and deliver and collect from your premises. You will be given a copy of your service records to be held at your offices. These can be used to accompany tools on-site or for risk assessments, a common part of today's health and safety environment.

We have a number of customers for whom this is a cost-effective way to manage their own plant and tools. Certain packages can include hire replacements at substantially discounted rates.

REPAIR

When you have a fleet as varied and substantial as ours, things inevitably break down from time to time. You can also be sure that it will happen at the worst possible moment.

We take great pride in our ability to react to your needs, and if that means getting your precious machinery back up and running at a moments notice then, so be it.

We have a well-stocked and modern workshop from which we operate. We also offer a discounted like-for-like replacement whilst your equipment is "off-site".

EIGHT-TONNE EXCAVATOR

1 Day	2 Days	3 Days	Week
POA	POA	POA	POA
• Height (with rollbar): 2770mm • Width: 2300mm • Weight: 8325kg • Digging Depth: 4195mm • Max Reach: 6715mm • Length: 6150mm • Ground Clearance: 2770mm			

TB180FR ZERO-SWING COMPACT EXCAVATOR WITH OFFSET BOOM

The TB1B0FR is Takeuchi’s largest zero-swing excavator. The unique ‘STS’ offset boom offers the operator the ability to work in confined spaces too narrow for a conventional excavator. The TB 1 B0FR can slew 360° almost within its own track width.

Perfect for medium-sized sites, the eight-tonne machine is the smallest machine which can safely load an eight-wheel lorry reducing the need for grab hire.

SIX-TONNE DUMPER

1 Day	2 Days	3 Days	Week
POA	POA	POA	POA
• Height (with rollbar): 3390mm • Width: 2135mm • Weight (unloaded): 4275kg • Loading Height: 1795mm • Ground Clearance: 370mm • Max Safe Load: 6000kg • Hydrostatic Transmission			

THREE-TONNE EXCAVATOR

1 Day	2 Days	3 Days	Week
155.00	250.00	300.00	350.00

LARGE ROTAVATOR

1 Day	2 Days	3 Days	Week
55.00	85.00	123.75	135.00
• Engine: 8hp Honda GX240 petrol • Weight: 105kg • Working Depth: 52cm (20") • Digging Depth: 23cm (9") • Speeds: One forward / 1 reverse • Wheels: 4.00 x 8 • Dimensions: 170 x 60 x 90cm			

STUMP GRINDER

This superb machine has the benefit of a reliable Honda petrol engine and a grinding disc that is tipped with durable heavy-duty carbide teeth.

For the comfort and safety of the operator, the handlebar is easily adjustable in three positions, and the four lifting handles help make it easy to transport.

Only 25" wide with the ability to cut 22" above ground to 13" below ground, the C500 is a fantastic machine at unbeatable value.

1 Day	2 Days	3 Days	Week
100.00	125.00	135.00	150.00
• Engine: 13hp Honda GX390 petrol • Weight: 118kg • Cutting Height: 56cm (22") • Cutting Depth: 33cm (13") • Dimensions: 170 x 64 x 125cm			

TURF CUTTER

A powerful, heavy-duty turf cutter that removes turf quickly, cleanly and safely. The high tensile cutting knife allows the GMTC 2 to lift a strip 30cm/12" wide and up to 35mm/1½" thick in one effortless pass.

Simple-to-use, with a reliable Honda engine which powers the drive and cutter directly, eliminating any potential belt slippage.

1 Day	2 Days	3 Days	Week

BUMPA HOIST - ELECTRIC

BUMPA's capacity to clear a pallet of concrete blocks in under one minute, or 1000 tiles in 25 minutes - from single to three-storey lift - makes it a must for every roofer and builder.

Today's regulations state that you must provide a mechanical means for handling repetitive heavy loads, rather than relying on manual labour.

BUMPA is proven to double your performance for half the effort, helping you compete and comply!

CROSS HIRING

We know that there will be items of machinery that we do not hold on our hire fleet either due to size, speciality or demand. That's why we have friends who can help!

Champion Tool Hire has accounts with all of the national chains and local hire outfits which means that if you are working out of the area, have a requirement for a specialist machine, or need something that isn't on offer that we do not have in-house, we can source it for you at discounted rates as per your normal terms.

Please give us a call to discuss your requirements; we are confident we can help with all your needs.
